PROFILE

I'm a software developer passionate about problem-solving and continuous learning. I specialize in JavaScript, PHP, and frameworks like Laravel, React, Angular, and Bootstrap. Skilled in Node.js, SQL databases, API integrations, and performance optimization, I also have experience in mobile development with React Native. I enjoy collaborating in teams, as it allows me to see different perspectives and grow. I'm always eager to contribute and add value wherever possible.

WORK EXPERIENCE

OnlineNaira

2022 - PRESENT

PHP Developer & API Integration Specialist

- Design, develop, and maintain robust PHP-based applications, ensuring they meet both functional and performance requirements.
- Collaborate with cross-functional teams to identify and implement best practices for code quality, performance optimization, and scalability.
- Continuously monitor and troubleshoot code, quickly resolving issues while maintaining system stability and enhancing user experience.

OlineNaira

2020 - 2022
